CASEMINE CAMPUS CONNECT

— CAMPUS FELLOW PROGRAM

Be the Voice of Legal AI on Your Campus

Not just an opportunity. A legacy in motion.

Step into the crossroads of law and technology and become the bridge between next-gen AI and tomorrow's legal minds.

AI-Powered Platform

Legal Innovation

Campus Leadership

About CaseMine

Legal practice is evolving. Research is no longer about scrolling through endless judgments—it's about precision, speed, and intelligence. CaseMine is an **AI-powered legal research platform** built to redefine how legal professionals and students navigate research, drafting, contracts, compliance, and dispute resolution.

Since our launch in 2017, CaseMine has been pioneering AI in legal research. We began with **CaseIQ**—India's first AI-powered legal research tool—a groundbreaking leap forward that transformed how legal professionals approached research. In 2023, we became the first to leverage generative AI in the legal space with **AMICUS AI**, a comprehensive tool that redefined possibilities. Today, CaseMine seamlessly blends extractive and generative AI to deliver smarter, faster legal solutions.

Why This Matters to You

This is an opportunity that will change everything. As a Campus Fellow, you'll get hands-on experience with cutting-edge AI technology that's shaping the future of law. You'll be at the forefront of legal innovation.

But CaseMine is more than legal tech. It's a bridge—connecting legal education with real-world practice, helping students build the digital skills that modern law demands. Through CaseMine Campus Connect, we're building a community of forward-thinking law students who will shape the future of legal practice.

Powered by Advanced AI Technology

-  **Multi-Document Analysis**
Process and analyze multiple legal documents simultaneously
-  **Powerful AI Analysis**
Deep insights powered by advanced AI algorithms
-  **Smart Drafting & Research**
AI-assisted legal drafting and comprehensive research tools

**CaseMine is the leader in legal tech and AI.
Join us and experience it firsthand.**

 The Program

What is Campus Connect?

"The Campus Fellow Program is where leadership meets legal research excellence"

- It's a student-led initiative reshaping how the next generation of lawyers engages with technology and justice.
- It links classrooms with the digital legal ecosystem, empowering students to lead AI adoption in law schools.
- It builds a community of law students who are curious, ambitious, and ready to redefine what legal research means.

 Your Impact

Why Become a CaseMine Fellow?

Lead. Learn. Leave a Legacy.

- Represent a global Legal AI platform that's shaping the future of legal work.
- Be the bridge between your peers, faculty, and cutting-edge legal AI.
- Gain real-world leadership, networking, and innovation experience.
- Build a future-ready profile that stands out in law firms, startups, and beyond.

Who is a CaseMine Campus Fellow?

The Connector

You bring people together. You organise workshops, webinars, peer learning sessions, and make sure every student knows about CaseMine.

IMPACT

Building a network of AI-aware legal minds.

The Storyteller

You amplify CaseMine across campus—through social media, posters, events, and word of mouth.

IMPACT

Making Legal AI visible and exciting.

The Innovator

You experiment. You suggest new ways to use CaseMine in moot prep, research projects, case analysis, and more.

IMPACT

Pioneering AI-led legal learning on campus.

The Torchbearer

You lead by example. You use CaseMine, share your journey, and inspire others to rethink legal research.

IMPACT

Setting the standard for legal excellence through technology.

What You Gain?

This isn't just a title. It's growth, learning, and recognition.

 Certificate of Excellence

 Fellowship Gear

 Internship Opportunities

 Amazon voucher worth ₹3,500/-

 Full access to our AI Premium research suite worth ₹41,999

 Exclusive platform to showcase your work

Who Can Apply?

- 1 Second or third year students of the five year integrated law program
- 2 Second year students of the three-year LL.B. program
- 3 Curious about law & technology
- 4 Confident communicators and natural leaders
- 5 Passionate about the future of legal research

Your Path to the Cohort.

A straightforward, merit-based process designed to find genuine leaders. Not just applicants.

SELECTION PROCESS

1

Google Form Application

Fill in the Campus Connect Google Form with your details, law school, and year of study. Upload your resume and Statement of Purpose.

2

Resume and SOP Review

The team reads your application closely, looking for clarity of thought, leadership instinct, and genuine understanding of CaseMine.

3

Shortlisting

The CaseMine Campus Connect team evaluates candidates on communication, leadership potential, and passion for legal AI.

4

Offer and Onboarding

Selected Fellows receive their official offer and are onboarded into the cohort, ready to represent CaseMine on campus.

WHAT MAKES A GREAT SOP

Your Statement of Purpose is your first act of leadership.

It is not a formality. The team reads every word. Write something only you could write, rooted in a real moment, a genuine belief, or an understanding of legal AI that has been building since you first set foot in a law school.

THE WHY

Why do you want to be a CaseMine Fellow? Tell us about the moment or the realisation that brought you here. What is it about the crossroads of law and AI that genuinely excites you?

THE FIT

What makes you the right person for this cohort? Not the most decorated, but the most ready. Give us a real example of a time you moved people, built something, or changed how a room thought.

THE PLAN

Once selected, what does your first semester as a Fellow actually look like? Think in sessions, communities, and conversations. What will you do in your first month?

THE SESSIONS

What workshops and events will you run? Think live demos of AMICUS for juniors, moot prep sessions using CaseIQ, faculty roundtables on legal technology, and AI literacy talks built around real legal problems.

Use concrete idea-examples, not generic sentences. Show us the plan your passion has already started building.

CASEMINE

Join Campus Connect @ CaseMine

where ambition meets impact, and tomorrow's law starts with you.
